

Gender-equality committee of the Genetics Society of Japan (GSJ) would like to ask you to participate in our questionnaire survey

The GSJ is a member of the Japan Inter-society Liason Association Committee for Promoting Equal Participation of Men and Women in Science and Engineering (EPMEWSE) and has contributed to the Visibility Survey of female scientist. Furthermore, our own surveys in the annual meetings have been carried out since 2010 to know the activities of the GSJ members in various categories as well as female members in our community.

Here we would like to ask you to participate in the survey by answering several questionnaires before your registration. They are eight easy questions and will take approximately 2-3 minutes to complete. It is optional, so you could skip the questionnaires and may go to registration, if you do not want to answer. Since all your answers are analyzed statistically, an individual has never been identified. We never use the data for any other purpose. Thank you for your cooperation in advance.

- I will answer the questionnaires before registration
- I will skip the questionnaires and proceed to registration

◆ I will answer the questionnaires before registration を選ぶと--→

Q1. Gender

- Male
- Female

Q2. Current affiliation

- University/College
